RETURNED MISSIONARY AND A Y. M. C. A. WORKER TO SPEAK

Mrs. Carmelite B. Christie recently of Tarusu, Turkey and her daughter, Miss Jean Christie, are to speak at the missionary meeting to be held in the Congregational Church at 3 p.m. sharp Tuesday next. Mrs. Christie has lived forty-three years in Tarsus. For two years, during the late war, she was the only American in Tarsus.

Miss Christie, a graduate of Wellesley College, was sent to Constantinople in 1916 to teach in the Girls' College. In 1917, with the other Americans in Constantinople, she was taken under guard to Switzerland. Following this experience, for eighteen months she worked in France under the Y. M. C. A.

These women have much of interest to tell you. Come and hear them next Tuesday. Hostesses, Mrs. L. M. Rice and Mrs. Krouter.

DEATH OF GLADYS SETTEL

The death of Gladys Settel, eight year old daughter of Mr. and Mrs. Isadore Settel which occurred Thursday, Jan. 27th, was a shock to all who knew her. Gladys, or "Tiny," as she was called by her little school mates, had been seriously ill of diphtheria, but it was thought that she was well on the road to recovery, when she suffered a sudden relapse resulting from the effects of the disease on her heart, which terminated in her sad death.

Private funeral services were conducted on Friday by Dr. Rosenthal, from the Paris undertaking establishment in Los Angeles. Interment was in the Stevenson Avenue Cemetery of that city. Besides her parents, survived by two sisters, Phyllis and Marjorie.

SUSICA WRIGHT

A TO OAKLAND
T
Tuesday 2nd, Mrs. J. H. Secretary of the Chamber of Commerce left for Oakland to attend convention of the Commercial Association of California which will be held February 4th and 5th.

No announcement has been made concerning a probable drop in Sierra Madre. A considerable amount of milk distributed by the Sierra Madre Dairy is purchased by Mr. Jones, and until those people selling him milk, drop their price, it is not probable that we will get much reduction.

CHEAPER MILK

The Home Dairy Company of Monrovia have dropped their milk prices from 18 cents per quart to 16 cents per quart, and from 18 to 16 cents per half-pint of cream. Dairy supplies and feed have dropped in price during the past thirty days.

No announcement has been made concerning a probable drop in Sierra Madre. A considerable amount of milk distributed by the Sierra Madre Dairy is purchased by Mr. Jones, and until those people selling him milk, drop their price, it is not probable that we will get much reduction.

This work is going to commence as soon as possible and will be rushed in order that new fire hydrants can be placed to accommodate our new fire equipment.

SIERRA MADRE—QUEEN

OF THE FOOTHILLS

Mr. and Mrs. F. M. Ridsdale, who are leaving Sierra Madre after a residence of over two years here, express many regrets about leaving, and have only the kindest things to say about the Queen of the Foothills. They are removing to 1089 East Colorado Boulevard, Eagle Rock City, and invite all their Sierra Madre friends to stop and "water their horse" when at that place.

William Walker, Real Estate

ORDINANCE NO. 250
AN ORDINANCE REGULATING
STREET WORK BY PRIVATE
CONTRACT WITHIN THE CITY
OF SIERRA MADRE, AND FIXING
A PENALTY FOR THE VIOLATION
THEREOF.

The Board of Trustees of the City of Sierra Madre do ordain as follows:

Section 1. Every person before commencing the construction of any sidewalk, curb, gutter, cross-walk, or the grading of any street, or any other street work on any public street, alley or place within the City of Sierra Madre, except where said work is to be done under a public contract for the same, shall make application to the Board of Trustees of said City for a permit to do such work, and it shall be unlawful for any person to do any street work without such permit first having been obtained from the Board of Trustees of the City of Sierra Madre so to do. The application for said permit shall be made on a printed form to be supplied by the City Clerk of the City of Sierra Madre, and it shall specify the place where the improvement is to be made, the nature and extent of the improvement, the time within which said work shall be commenced and when the same shall be completed and finished, and shall contain a statement that said permit is asked for and that said work therein described will be done subject to the terms and provisions of this ordinance.

All such work, upon permission being granted therefor, must in all cases be done under the direction and in the satisfaction of the Superintendent of Streets within the time specified in the application in accordance with the City's specifications for work of that class, and on lines and grades to be given by the City Engineer.

If the work does not, in the judgment of the Street Superintendent, comply with the specifications therefor and with the terms of this Ordinance, the Street Superintendent shall notify the person to whom the permit was granted of the defect of failure of performance of said work and shall require such person within five days of the service of such notice to proceed to remedy such defect. Such notice shall be written or printed and shall be served personally or by leaving it at the residence or place of business of such person, or if such person cannot be found, and such place of business or place of residence is unknown or is outside of the City, said notice may be served by depositing it in the Post Office, postage prepaid, addressed to the person holding such permit at such place of business or residence, if known, or if unknown, in the City of Sierra Madre.

If such notice is not complied with, the Street Superintendent shall thereupon report such non-compliance to the Board of Trustees of said City and thereafter said Board shall not grant any permit to such person to do street work by private contract within the City of Sierra Madre until he has made full compliance with the terms of said notice. And if such failure or defect in performance relates to the construction of cement walks or cement curbs the Board of Trustees may order the same taken up and removed from the street at the expense of the holder of such permit, which expense all applicants by making application hereunder hereby agree to pay.

Section 2. Every applicant at the time of filing his application and before the same is presented to the Board of Trustees or considered by the said Board, shall deposit with the City Clerk the following fees:

For Engineer's fees for each linear foot of sidewalk, curb or gutter proposed to be constructed;

If not exceeding 100 feet, per linear foot, 4 cents.

If over 100 feet and not exceeding 250 feet, per linear foot 3½ cents.

If over 250 feet and not exceeding 500, per linear foot, 3 cents.

If over 500 feet and not exceeding 1000 feet, per linear foot, 2½ cents.

If over 1000 feet and not exceeding 5000 feet, per linear foot, 2 cents.

If exceeding 5000 feet, per linear foot, 1½ cents.

If an intersection corner alone is asked for, \$2.00 per corner shall be paid.

Provided that where a cement curb is in place and on line and grade, then no engineer's fees shall be charged hereunder for sidewalk or gutter to be constructed along side of said curb, except that the City Engineer shall charge a fee of \$1.00 for issuing a certificate of acceptance of the same as to line and grade in the manner hereinafter provided.

Where a sidewalk and curb, or a curb and gutter, are to be constructed at the same time and place, only one charge for engineering work shall be made, unless such sidewalk and curb, or curb and gutter are required by the person constructing the same to be laid out independently by separate engineering work done at different times.

Every such applicant shall also deposit with said City Clerk the sum of \$10.00 for the first 100 linear feet of curb or fraction thereof, and \$5.00 for each additional 100 linear feet of curb or fraction thereof, specified in said application in excess of 100 feet; and the sum of \$10.00 for the first 100 linear feet of sidewalk, or fraction thereof, and \$5.00 for each additional 100 linear feet of sidewalk, or fraction thereof, specified in such application; and the sum of \$10.00 for the first 100 linear feet of gutter, or fraction thereof, and the sum of \$5.00 for each additional 100 linear feet of gutter or fraction thereof, specified in such application.

Adopted and approved this 2nd day of February 1921.

ROBERT MITCHELL
President of the Board of Trustees of the City of Sierra Madre.

ATTEST:
L. DIETZ.
City Clerk of the City of Sierra Madre.

STATE OF CALIFORNIA

CITY OF SIERRA MADRE, ss:
I, L. DIETZ, City Clerk of the City of Sierra Madre, do hereby certify that the foregoing Ordinance was duly adopted by the Board of Trustees of the City of Sierra Madre, State of California, and signed by the President of said Board at an adjourned regular meeting thereof, held on the 2nd day of February, 1921, and that the same was adopted by the following vote:

AYES: Trustees Alley, Webster and Mitchell.
NOES: None.

ABSENT: Trustees, Camp and Esick.
L. DIETZ
City Clerk of the City of Sierra Madre.

ELEVEN AND ONE CLUB

The Eleven and One Club will meet Thursday evening at the home of Mrs. Stella Norris Dennison.

INTERNAL REVENUE
COLLECTOR WILL BE HERE

Deputy internal revenue collector, G. F. Trump will be at the First National bank, Sierra Madre, Feb. 7 and 8th to receive income tax returns for the year 1920. Come early and bring your forms.

NEW LAUNDRY AGENCY

C. C. Tilton and wife of Pasadena have purchased lots at 270 West Highland and have commenced the erection of a home. Mr. Hilton is agent for the American Laundry Company of Pasadena and will establish an agency here. Their telephone number is Blue 164 and they will appreciate any business that you may see fit to give them.

INITIATED INTO ORDER
OF WHITE SHRINE
OF JERUSALEM

J. Milton Steinberger and wife were initiated into the order of the White Shrine of Jerusalem at Pasadena on Tuesday evening. This is a very old Eastern Order. Mrs. Steinberger remained for the elaborate banquet following the initiation. Mr. Steinberger returned to Sierra Madre to attend the banquet of the Chamber of Commerce.

CHAMBER OF COMMERCE
IN PROTEST

At a called meeting of the Chamber of Commerce last night the following telegram was approved of and ordered sent:

State Water Commission, New Call Building, San Francisco:

It having come to the knowledge of this Chamber of Commerce that the San Gabriel Reservoir company is asking your commission for a franchise to control the flood waters of the San Gabriel canyon by a resolution of the board of directors of this Chamber, such action on your part is hereby protested.

W. W. FELGATE, Chairman.

The Los Angeles County Board of Supervisors have taken under advisement the matter of appropriating \$20,000 for surveying and investigating work, preparatory to asking the federal government for thirty million dollars for an immense dam across the San Gabriel wash and the building of a dam above the proposed site of the government dam by the reservoir company would completely destroy the value of the big dam.

18 NORTH BALDWIN,
"SAVINGS ON EVERYTHING," OUR MOTTO. WE WILL SAVE

GOOD WILL. The very low prices at which we are selling groceries does not mean any sacrifice in the quality. We will sacrifice profits rather than quality every time. It is not adhering to ideals but it is good business. Good will be a priceless asset.

Try the new system of selling groceries--we will keep following the market.

Think of \$82,000,000 to run the state of California two years. Gov. Stephens thinks it is too much, and is asking that the taxpayers awaken to the fact that taxes will be out of reason the next two years. Better look into this matter and get some information.

+

In a letter from J. F. Whiting of Long Beach, he says: "I am glad to read about the fire engine and alarm and other activities. Sierra Madre has all the evidence of a live town and if you would build one hundred rent houses they would be quickly filled with new population."

+

The Bethany church is nearing completion. This will be a wonderful addition for a town the size of Sierra Madre, and one of the remarkable features in the building is that the contractor suffers considerable from blindness and depends to a great extent for his hands to see for him.

+

Buying your railway tickets in Sierra Madre, will help buy a new depot for this town. If you have friends going east this spring do not go into Los Angeles to get your tickets. Call the local P. E. agent and he will sell you tickets to any point in the United States.

+

Frederick Baker of Los Angeles, city attorney for the City of Sierra Madre paid a high compliment to our city board of trustees Wednesday night. In conversation with him before his leaving for Los Angeles he said: "The citizens of Sierra Madre have every reason to be proud of their Board of Trustees. Every one on the board is efficient and trustworthy. I think they are an unusually good board and it is a pleasure to work with them."

**ELECTRIC CAR AND
AUTO COLLIDE**

**Five People Injured Sunday After-
Noon On Central Avenue**

Six people had a very narrow escape from death Sunday afternoon when an auto being driven by Vincent Taylor, collided with a special P. E. car No. 814 at the intersection of Baldwin and Central Avenues. Mr. Taylor lives in Hollywood and those accompanying him were Misses Lottie Miller, Margaret Stromberg, Marion Cohen, Ruth Wolf and William Wolf, all of Hollywood. Two of the young ladies were student movie actresses and had met Mr. Taylor only the afternoon before. The party left Hollywood after the lunch hour and went to the half-way house on Sturtevant Trail. A short time after their arrival rain began falling and they started on the return trip home. They were traveling in a Reo car and going west on Central Avenue, and Mr. Taylor says he does not have the slightest remembrance of ever seeing a street car. Both the street car and the auto were traveling at moderate speed and just as the electric car rounded the corner on Baldwin, the auto was struck and dragged for 115 feet. Mr. Taylor sustained a cut head and bruised hip. Miss Margaret Stromberg who was riding in the rear seat, had three ribs broken, cuts on head and internal injuries. Other members of the party received minor cuts and bruises. They were carried to the city hall and later removed to the Groth hospital. Monday morning an ambulance conveyed the injured girls to their homes in Hollywood.

Blame for the accident has not been fixed. Representatives of the P. E. were soon on the scene of the accident rendering assistance. To us it was just another one of those careless, useless accidents.

\$47,000 IN WATER FUND

There are a few people around Sierra Madre that are under the impression that the \$60,000 voted for water bonds has been expended. Fact of the matter is there is \$47,000 of this sum which is to be used in putting in the new mains.

This work is going to commence as soon as possible and will be rushed in order that new fire hydrants can be placed to accommodate our new fire equipment.

SIERRA MADRE—QUEEN

OF THE FOOTHILLS

Mr. and Mrs. F. M. Ridsdale, who are leaving Sierra Madre after a residence of over two years here, express many regrets about leaving, and have only the kindest things to say about the Queen of the Foothills. They are removing to 1089 East Colorado Boulevard, Eagle Rock City, and invite all their Sierra Madre friends to stop and "water their horse" when at that place.

SOME "LITTLE" JOB

Efficiency of the Firemen and energy of the Chamber of Commerce are epitomized in the light rhymes which appeared on the menu card at the Monday night banquet of the Chambers of Commerce of San Gabriel Valley.

There was a little town
With a busy business block.
They had a little fire
That gave an awful shock.

They hadn't any En-gine!
They couldn't make a fight.
But the C. of C. committee
Got bus that same night.

Organized a fire department,
Looked over all the ground,
Picked out an apparatus,
The best that could be found.

The city dads were busted,
They had no coin to pay.
So the boys got out and rustled
And raised it in a day.

They gave a firemen's ball,
For cash to buy their clothes.
No obstacle a-tall.
Will bother chaps like those.

There's only one things lacking
To boost their stock up higher;
They'll be sitting on the world, boys
If Fate'll kindly send a fire!

THE WHY OF THE TWO CENTS

Several people who use our want ad columns take issue with us in that we add two cents on their bills, when mailing, for postage. We are trying to educate the people to pay for the ads when they order them published.

It takes just as much of our time to keep books for a fifty dollar account, as it does for a fifty-cent account and we put on the two cents to show you that we would appreciate your paying for the ad when you order it. People not having a regular account at this office will do us a favor to mail their want ads with the necessary amount of money to cover the expense of their publication. Want ads are two cents per word per issue. Each initial and figure counts as a word. If people will remember this, they will save money and save us time and money. The want ad column is a nuisance and is run more as an accomodation than as a money making proposition.

CHEAPER MILK

The Home Dairy Company of Monrovia have dropped their milk prices from 18 cents per quart to 16 cents per quart, and from 18 to 16 cents per half-pint of cream. Dairy supplies and feed have dropped in price during the past thirty days.

No announcement has been made concerning a probable drop in Sierra Madre. A considerable amount of milk distributed by the Sierra Madre Dairy is purchased by Mr. Jones, and until those people selling him milk, drop their price, it is not probable that we will get much reduction.

**LOCAL RELIEF CONCERT
SPLENDID AFFAIR**

That the people of Sierra Madre appreciate and enjoy good music was evinced by the many who crowded the club house auditorium Saturday night, attend one of the most splendid musical programs ever given here.

"Pride Goeth Before a Fall" is the old saying; well—Sierra Madre has surely the right to be proud—and there is no danger of the fall when we can number such artists among us as Professor John Marquardt, who charmed his audience with his splendid renditions on the violin, of which he is such an able master. Mrs. Marquardt and her harp—it is no wonder that the harp is the instrument used by Angels—for surely the music is Heavenly—especially as rendered by Mrs. Marquardt.

Words seem rather inadequate to express the pleasure given by the vocal solos of Mrs. Kathleen Lockhart Manning, who is so proud to be a native Sierra Madrean, and of whom Sierra Madre is so proud. Bob Mitchell—Pianist—surely that is enough when one considers that this wonderful little artist is only eight years old while possessing the poise and ability of one years older—certainly a brilliant future is in store for Master Bob.

It is rather unusual that a woman and flute are companions but Miss Mary Jullow, of Los Angeles, and her flute are. Her numbers were greatly enjoyed as was evident by the insistent applause. Miss Edith Evans in role of accompanist was both appreciated and enjoyed.

Last but not least was the brief talk given by Mrs. Jessica Wright, in which she sketched the work and aims of the local Red Cross Relief to which the proceeds of the concert are to go. The concert was a huge success, due to the untiring efforts of the patrons and the generosity of the artists who so kindly donated their talents for the occasion.

Gross proceeds of the concert amounted to \$219.

**ENTERTAINS WITH PARTY
IN MOUNTAINS**

Mr. and Mrs. Louis Brooks entertained with a week-end cabin party at Swilliken Den, on Sturtevant's Trail to the following:

The Misses Mattie Seelye, Yerda Appleby, Helen Williams and Cleoma Brooks of Los Angeles; Messers. Earl Topping, Roland Adams, Victor Hill, Ted Lynch of Los Angeles, Walter Lynch and wife of Chino and Dr. and Mrs. Hayse.

LUNCHEON GUESTS

Miss Gertrude Cook and mother were guests at a one o'clock luncheon on Saturday, given in honor of W. A. Smart, business manager of Occidental College, with the faculty and their wives as guests. Miss Cook gave several vocal numbers which were enthusiastically applauded, and was obliged to respond to encores.

N THE SIERRA MADRE CHAMBER OF COMMERCE

MODERN PRISCILLAS

The Modern Priscillas will meet with Mrs. W. S. Hull next Thursday afternoon.

ATTEMPTED ROBBERY

An attempted entrance at three a. m. Wednesday morning, to the L. Steinberger home on West Central Avenue was frustrated, when the occupants of the house were awakened.

**DEMONSTRATING THE
SIMPLEX IRONER**

Mrs. Eva Scott of the American Ironing Machine Company of Chicago has been demonstrating the Simplex Ironer at the Sierra Madre Electric Company's store. Three of the machines have been placed in Sierra Madre homes as the result of the demonstration. The Simplex is all that the name implies. It is a time saver and a money saver. An ironing that ordinarily would take four hours can be neatly done in one hour.

The price of the machines is \$190, terms if desired.

UNEEDUS CLUB ORGANIZED

Members of the high school girls class of the Congregational church met last Thursday and through their teacher Miss Alice Stanley organized what is to be known as the Uneedus Club. Weekly meetings will be held, a study class once a month and the social work will occupy the greater part of the time of the club's activities. The following officers were chosen: Gladys Walker, President; Lois Krauter, Vice-President; Edith Jones, Treasurer and Muriel Tarr, Secretary.

"LET US GO ON"
It is wisest to count our me-
The blessings which strew
Than to wearily ponder the
We may meet from day to
It is wiser to walk with Je-
Than to face the years and
For here is the secret of
and cheer,
The glory of going on!

erce is the medium through which public opinion makes continually be attending meetings of the City Trustees to express on public questions, yet the Trustees are really desirous of the wishes of the people. Chamber of Commerce public opinion is crystallized and Trustees have often able help from these meetings.

Commerce is associated with sixteen other similar bodies in this combination requests made to the Board of Supervisors for consideration we alone would not be granted. We are the Chamber of Commerce and the national Chamber of

strength of these bodies is of sufficient importance to obtain the National Government itself.

Chamber of Commerce is not at all spectacular, but it

the end of a year, though you may not have heard much of the job every day, an immense amount of advertising of

BUY YOUR R. R. TICKETS
IN SIERRA MADRE

Strange to relate, residents of Sierra Madre and vicinity who contemplate transcontinental trips, usually go to Los Angeles offices to purchase their tickets instead of buying at the local office.

The best way to get the desired improvements in the way of a new station at Sierra Madre is to patronize the office here. If the volume of business is sufficient to justify it, the Pacific Electric and Southern Pacific Companies will not need much urging when it comes to the subject of building a new station, but if travelers continue to purchase their tickets elsewhere, it will be a more difficult matter to obtain the desired improvements.

Mr. George E. Mescar, local agent of the above companies, states that he is fully prepared to sell all classes of tickets to points in the United States, Mexico and Canada, as well as to make Pullman reservations, and check baggage, etc., and can save those desirous of securing tickets much time, if they will purchase at the local ticket office.

Also, if desired, the Southern Pacific will have their Passenger Agent, Mr. G. W. Wetherby, call at your residence and make all arrangements for your trip. A phone call will receive prompt attention.

MISSOURIANS ATTENTION!

The first mid-winter picnic and reunion of Missourians is to be held at Sycamore Grove, Thursday, Feb. 17th. The presence of every former Missourian and every Missouri tourist in Southern California, is hoped for at that time. Judging by the number of native born Missourians in the City of Los Angeles, there must be not less than 100,000 former residents of that state in California, South of the Tehachapi; and it is high time that they were letting themselves be heard from in a great winter gathering.

1921 is the one-hundredth anniversary of the admission of Missouri as a state. That event is to be celebrated by a great Centennial and Home-coming, to be held at Sedalia from August 8th to 20th. It has been deemed appropriate that the Missourians of California should hold a similar celebration, and plans for such an occasion sometime during the summer are already under way; the mid-winter picnic to be the real opening gun in the campaign for that event.

For further information, write, call up, or call on, C. H. Parsons, Secretary, Federation of State Societies, Continental National Bank, 9th and Spring Streets, Los Angeles, or Chas. E. Stokes at same address. Phone 102-61.

In case of rain on 17th, picnic will be held February 24th.

U. C. T. U. NOTES

The U. T. C. U. met at the Congregational church last Friday afternoon. A most interesting meeting was enjoyed. Plans were made to engage in Child Welfare Work for the coming year. Any one interested in this line of work is earnestly requested to co-operate.

The U. C. T. U. meet every fourth Friday at 3 p. m. at the Congregational Church.

EDISON DEVELOPMENT

Anticipating the enormous demand for hydroelectric development, the So. California Edison Company has made application to the State Railroad Commission for permission to issue several million dollars of its common capital stock. It will resume its active campaign for the distribution of these junior securities among the 250,000 consumers of the company, according to information received by district manager, Fred Schwartz today.

Electricity has come to be regarded as the prime mover for all agricultural and manufacturing activities in the Southwest, which makes its development a question of paramount importance to the community. A very large number of the consumers of the Southern California Edison Company are owners of common capital stock and also 70 per cent of its officers and employees. It has already worked out a definite program for developing 750,000 horse power from the waters of Big Creek, Huntington Lake, Shaver Lake, Florence Lake and the Kern River, which will cost \$200,000,000 and has made application for filing on sites, at Marble Canyon and Diamond Creek on the Colorado River which have an additional capacity of developing 2,500,000 horse power of electrical energy at a cost of approximately \$600,000,000.

WANT DAYLIGHT SAVING

There are many people who want to return to the daylight saving law. Pasadena wanted it last year, but the Los Angeles council turned down the proposition. In many respects this law, or rather this ruling, was a great help, especially to the clerk and the laborer, and it is this class of people who would appreciate a return to the saving daylight schedule.

COLORED LANDSCAPE PICTURE

A colored landscape picture showing a southwest view of Sierra Madre from a high point in east Sierra Madre, is on display at Jones House of Music. The work was done by Miss Hoffman and the price of the pictures is \$1.00.

SOCIAL EVENING

On Thursday evening, February 10th, the club will again extend its boundless hospitality to its members and their families, in another of the "At Home" evenings which has been one of the most popular features of the season club activities. As heretofore there will be cards and dancing.

DISCOVER NEW USES
FOR RIPE OLIVES

Since California Ripe Olive Day was projected for February 21st, even olive packers and olive growers have been surprised to find the number of ways in which the olive can be used. It has been found that ripe olives are a perfect substitute for mushrooms and that ripe olives make a delicious ingredient for stews and meat sauces; minced olives make delicious sandwiches while olives served with any kind of meat or salad add immensely to the dish.

NO FIRES AFTER 9 O'LOCK

There has been some complaint that people living north of Grandview persist in building fires after 9 o'clock in the morning. All property north of Grandview avenue is under the government fire control and there positively cannot be any fire built after 9 in the morning, and a permit must first be secured before you can build a fire at any time.

Remember this and you may save yourself some trouble.

1921 AUTO SHOW

Several have spoken to us concerning a 1921 auto show for Sierra Madre. There was a show held in 1917 and it was a big success.

To get up a show and put it on is too much of a one-man proposition and we suggest that this matter be taken up by the Chamber of Commerce. We have the space and we can get the exhibits without cost and it will be a decidedly good advertisement for the city.

BANKERS HAVE MEETING

Mr. H. E. Allen, cashier of the First National Bank attended the gathering of bankers at the Alexandria hotel in Los Angeles Tuesday. The meeting was called for the purpose of discussing the new tax measure. We understand that the bankers are willing to pay the increase if they can be shown that the state is justified in levying the additional tax.

ALL BADGERS CALLED
TO JOLLY PICNIC

All who ever lived in Wisconsin are invited to meet for the great annual picnic re-union, all day, Saturday February 12th, in Sycamore Grove Park, Los Angeles. Come as early as you can and spend the day with friends.

FOUR FEET OF SNOW
AT BIG BEAR

Mr. and Mrs. Philip Carter have arrived in Sierra Madre for the winter season. When they left Big Bear a few days ago, that region was covered with four feet of snow.

IS THE GOVERNOR
A SIDESTEPPER

The special election to be held February 15th is bringing out some high lights in the past performances of the office holders of this state.

Charles H. Randall doesn't think much of the governor's arrangement for he wired him from Washington that he was surprised to see in the newspapers that the governor intended to speak in the district in behalf of Mr. Limeberger.

Randall's Words

Congressman Randall says in the telegram to the governor:

"When you were a candidate for governor you solicited and received the prohibition party nomination and you were loyally supported by all prohibitionists, including myself. In compensation you now oppose the only prohibitionist who holds an important office in the country. Possibly you do this as a demonstration of your loyalty to straight republicanism. If so, let me remind you that your first election to congress was made on a bolting platform against the speaker of the house and this action of yourself and others resulted in the election of a democratic house and speaker and that party kept control for eight long years. If that was disastrous yours was the primary responsibility. Then again you are so dead set for straight republicans in office that people would wonder why you recently appointed the chief bolter against Harding to the fattest commission in the state."

"Then, again, it cannot be that my record here displeases you, for I served here with you and I voted exactly as you did on 95 per cent of the measures before congress. I am not complaining, I am questioning your consistency."

Refers to Rowell

The reference in Randall's telegram is to Chester H. Rowell of Fresno, former chairman of the republican central committee, who came out in the last presidential campaign and urged the election of Governor James M. Cox, the democratic candidate.

Rowell's newspaper, the Fresno Republican, was sold by him during the campaign to interests that immediately changed its policy to advocate the election of both Harding and Shortridge. Mr. Rowell received, it was reported, \$1,000,000 for his newspaper and was afterwards appointed

To add to Congressman Randall's telegram, J. C. Bell, state manager of the prohibition committees in California, sent this wire to the governor:

"In the name of the 106,000 prohibition voters who supported you in the election to the exalted position of governor of this state, I earnestly protest your entering the campaign. If you intend doing so, as reported by Governor Stephens to a position on a very important commission.

To defeat our candidate, the Hon.

Charles H. Randall, for congress in the Ninth Congressional District."

ANNOUNCEMENT

Southern California Edison Company

Offers to Its Consumers and the Public in Southern California Its

COMMON CAPITAL STOCK

ON AN

8½% dividend basis

In continuance of its practice to encourage the people of Southern California to become partners in one of the largest and strongest electrical companies in the world and to aid in the development of California Water Powers, Southern California Edison Company is offering its common stock on a most attractive basis, and on terms within reach of all.

THIS STOCK IS A SOUND INVESTMENT

Because:

It is issued under the authority of the Railroad Commission of the State of California and can only be used for capital purposes, which means in effect the construction of additional hydro-electric power plants and lines for the upbuilding of Southern California.

It is the 4th largest electric utility in the United States and has additional water power resources which will place it second to none.

Back of this company stands one of the greatest hydro-electric systems in the world. Total capacity installed is 384,700 H. P., and water resources, under definitely planned construction, will develop an additional 1,000,000 H. P.

The Company has assets of over \$110,000,000.00.

Southern California has only begun its growth in population and industry and the business of this company will grow with the community.

The Company is a local concern, operated by local people, and has been serving Southern California for over 25 years.

Southern California Edison Company is recognized as one of the most soundly financed and prosperous utilities in the country.

PRICE—\$94.00 Per Share Cash; \$95.00 in installments of \$5.00 per share per month.

SIERRA MADRE DEPARTMENT STORE Established 1887

291 West Central

Phone Black 12

Mrs. P. W. Stecker of Ogden, Utah, is a guest at the home of her aunt, Mrs. Howard Hill.

Miss Irene Eby of Aurora, Ill., is visiting her aunt, Mrs. Emma Wallet, for a few days.

Mrs. John J. Hart is recovering from a badly sprained ankle which she received several weeks ago.

Dr. Selden Sperry and wife left the first of the week for San Diego after which they will go to San Francisco enroute to their home in Milwaukee.

Mrs. James J. Rapin entertained five ladies at luncheon Saturday all from her former home, Sault Ste. Marie, Mich. They are spending the winter in California.

Mrs. Elizabeth Kendall of Long Beach, and Miss Mabel Jarvis Lawrence of E. Whittier are guests for a few days of Prof. and Mrs. John J. Hart.

Mrs. Charles A. Westing, who is leaving Sierra Madre to make her home in Los Angeles, invites her many Sierra Madre friends to visit her at her new home, 5289 De Longpre avenue.

The Teachers' club of the Congregational Sunday school held their monthly dinner in the church parlors last evening. The social hour was followed by a helpful conference on school methods and problems.

Major C. S. Floyd, U. S. A., retired, has taken Mrs. Emma Wallace's place on Bonita avenue and expects to make Sierra Madre his home. Major Floyd came here with his family from Greensboro, N. C., his last station while on active service.

Walter Hengst of Visalia spent the week end visiting Victor Hill, former flying artillerist at March Field. After a year of farming Walter has decided to return to the army air service, accepting a fine position as civilian instructor.

A Hoegge and family have removed to Arcadia, where they will make their home on a dandy little three-acre ranch purchased some time since. Their residence at 126 E. Laurel has been purchased by Mr. and Mrs. Koch who have taken possession.

Mrs. E. T. Pierce and daughter, Mrs. Vora Maull and grand-daughter Katherine have moved to Pasadena where they have built a home. Mrs. Pierce has made Sierra Madre her home for many years and will be missed by her many Sierra Madre friends.

WANTED TO RENT—Piano by the month; No. 9 Cypress Court; phone Main 135. *19

This wire arrangement is very important for there were not less than 23 special wire services out of the Tournament Park press box for the California-Ohio game of January 1 and almost as many for the Harvard-Oregon game of January 1, 1920.

Architect Myron Hunt has spent months of study on this stadium subject, embracing a survey of all the stadia of ancient Rome, as well as those already built in the United States.

It is estimated that the new structure, breaking ground for which is soon contemplated, will be completed in ample time for the east and west football game under Tournament of Roses auspices on January 1, 1922.

J. J. Mitchell is chairman of the committee in charge of the promotion of the stadium with A. J. Berntone as manager for the project, while George H. Frost is chairman of the stadium construction committee for the Tournament of Roses.

BY THE WAY

Another Drop Due— "No fire protection" has been the stock excuse for the high insurance rates in Sierra Madre. Even the insurance men admitted the rates were high but declared the hazard was real because of the lack of fire fighting apparatus. The argument was sounded and we all swallowed it these many years.

Now that we have the best fire protection obtainable the argument no longer holds. What will the board of underwriters do about it? If they do the right thing and act consistently with what they have been telling us they will reduce premiums enough so the savin' will pay the cost of that beautiful red fire wagon within a very few years. * * *

Both Wrong— Two nice ladies were arguing the point as to whether local mail should be addressed "City" or "Town." One quoted the most fashionable dictionaries to prove that Sierra Madre does not qualify under the definition of "city." The other was sufficiently posted on California municipal laws to say that every incorporated town the approximate size of Sierra Madre is legally designated "city of the sixth class."

Both right, ladies, so far as your definitions are concerned. Both wrong, as a matter of practice with mail matter. Never post mail matter, local or other sorts, without spelling out the name of the town or city. That is if you are concerned as to prompt and correct delivery of your mail. You or some other person to whom it is entrusted may drop it in the mail box in some other town. The mail clerks may be able to figure out by the aid of the return address where it should go. But delay is certain, even though it may finally reach its destination. Every day mail is posted in Sierra Madre addressed "City" or "Town" which can be determined by the street address or firm name to be intended for Los Angeles, San Francisco, New York or Chicago. And the other day a lady gave her husband a pocketful of invitations intended for local people. All were addressed "City," but friend husband dropped them in a letter box in Pasadena. Some intelligent clerk in the Pasadena post office found sufficient evidence on which to redirect them to Sierra Madre. But it taking a long chance to depend on "City" or "Town." Bury the hatchet, ladies. * * *

Take Your Choice

Last week the News asked why people chose the middle of the street for walking on rainy nights. Guess I'll have to answer as one of the small minority who still walk. Sure I know it's dangerous to the automobiles as well as to myself. But I'll take a chance with the autos to avoid the certainty of wading through the raging torrents or sloppy mud puddles where the sidewalks ought to be. Until our city fathers can see the wisdom of ordering sidewalks installed for the benefit of the walking few the auto drivers will simply have to take their chances of being bumped into the ditch by some pedestrian with his head under an umbrella.

dated as well as the two 220-yard tracks. About the whole will be a substantial wall. Entrance into the stadium will be by means of 22 tunnels and four main portals—a portal opposite each corner of the playing field where the least desirable seats are located. There will also be ramps over the top and staircases for those who are in the upper rows. It is estimated may be cleared of a maximum crowd in four minutes as against five minutes it takes to clear the famous Yale Bowl.

Boxes will front the seats, there being enough of these highly desirable boxes to seat 2,500 persons. Special arrangements will be made to accommodate the newspaper workers in a special section than which there will be no more desirable part of the stands. Cables for the newspaper wires will be permanently installed so that they may be put into service on a very short notice.

(Courtesy Pasadena Post)

This Architect's Drawing Gives You an Idea as to How Pasadena's Stadium Will Look When Built in Arroyo Seco. One of Chief Beauty Spots on Earth.

Plans have been completed by Architect Myron Hunt for the new Tournament of Roses stadium to be built in the Arroyo Seco. The building will be one of the largest structures in the United States of its kind and its general plan will be along the lines of a gigantic horseshoe with the open end towards the south, facing down the Arroyo Seco.

The new stadium will stand in the Arroyo Seco about a mile above the famous Colorado street bridge. There the canyon widens out into a broad valley, affording wonderful opportunity for the structure. Not less than 10 highways, some of them as wide as 100 feet, will lead to the site, which for the stadium property proper

consists of 30 acres.

The new stadium will seat about 65,000 people and, if temporary seats are arranged around the open end, this seating capacity may be increased to 80,000, making the structure one of its kind in the world.

The stadium is to be a true ellipse, the only one of its kind in the United States, that is, among the larger structures of that variety.

SATURDAY, FEB. 5—
EDITH ROBERTS, in
"THE ADOLORE SAVAGE"

A magnificent drama of the South Seas, from the story of "Marama." Also a good comedy.

LIGHTNING STRIKES
SIERRA MADRE CAR

Lightning struck a Sierra Madre car at Covina Junction Saturday night about 7 o'clock. The controller box exploded and flooded the passengers with fire.

Nine persons were burned and taken to the receiving hospital. None of them was from Sierra Madre and none was burned seriously.

IN POLICE COURT

A fine of \$15 has been paid by one of the drivers for the Blinn Lumber company for leaving a trailer loaded with lumber on East Central street without a tail light the night of Jan. 12.

The case of Nomura Vs. Crosby will come up for trial Feb. 4.

FREE INFORMATION

J. Milton Steinberger, proprietor of the Sierra Madre garage, announces a personal service department for the assistance of those who have automobiles and have not secured their 1921 auto licenses. If you want information or assistance in getting your license, Call Mr. Steinberger and he will help you.

FRANCIS BALLARD HURT

Francis Ballard, son of Arnold Ballard, a former resident of Sierra Madre, was accidentally run over by a vegetable wagon at 451 West Central street Tuesday afternoon and sustained a fractured hip.

The youngster was taken to the California hospital in Los Angeles and at the time we go to press is doing nicely, and will soon be out with his playmates.

LADIES' AID SOCIETY OF
CONGREGATIONAL CHURCH

The Ladies' Aid society of the Congregational church will hold their regular monthly meeting in the church parlors Tuesday, Feb. 1, at 3 p. m. Mrs. A. N. Adams and Mrs. L. M. Rice will be hostesses.

Remember this is roll call day to learn who has filled their obligation to call on the sick and newcomers.

MOVING PICTURES FOR
CONGREGATIONAL CHURCH

Members and trustees of the Congregational church are contemplating having moving pictures Sunday evenings in connection with the regular services. Moving pictures are being used in a majority of the churches and special films are prepared portraying biblical scenes appropriate for Sunday evening consumption.

The M. E. church at Lamanda Park has installed a machine and has the pictures regularly, and we hope to announce next week the installation of a machine in the Sierra Madre Congregational church.

At the regular meeting of the Firemen's club at the City Hall Wednesday night, applications for membership brought the total to 55. This is very encouraging to the boys. Any one can belong to the club who has a heart and two dollars, and fifty cents per month for the dues. Belonging to the club does not obligate you to go to the fires and fight fire. It does, however, obligate you to attend the meetings, and failure to do so makes you liable to a fine.

Ways and means for a club house were discussed with the result that a committee was appointed to confer with D. J. Millard, who contemplates erecting a building on his lots on Windsor Lane.

A vote of thanks was given to Messrs. Woodson F. Jones, A. E. Pettit and Thomas Henderson for their contributions and efforts to make the ball a success.

In alighting from a truck Monday morning, Henry Newmaster caught one foot in a coil of rope, throwing him to the ground, and in the attempt to save himself, his left wrist received the weight of his body with the result that it was broken.

Mr. Newmaster works for the city, and will be off duty for some time.

FIREMEN'S CLUB HAS
FIFTY-FIVE MEMBERS

At the regular meeting of the Firemen's club at the City Hall Wednesday night, applications for membership brought the total to 55. This is very encouraging to the boys. Any one can belong to the club who has a heart and two dollars, and fifty cents per month for the dues. Belonging to the club does not obligate you to go to the fires and fight fire. MRS. JOHN MARQUARDT, Harpist at Concert Saturday Night

CONCERT SATURDAY NIGHT
BENEFIT LOCAL RED CROSS

An event of more than usual interest is the concert to be given Saturday night for the benefit of the Local Relief division of the Sierra Madre chapter of the Red Cross association.

Funds are needed to carry on the work of the Chapter in ministering to the needs of the sick and the indigent. Everybody should be interested in this work and give every possible assistance and encouragement to the ladies who are giving their time and thought so generously and unselfishly to the relief of the afflicted among us.

The patronesses of this special occasion are Mesdames Allen, Camp, Fennel, Jameison, Ingram, Hart, Jones, Lawless, Goodfellow, Mason, Mitchell, Osgood Newton, Shaw, Sperrey, M. Steinberger, L. E. Steinberger, Seeley, Walker, Vanner, Thompson, and Welsher.

That the concert is to be a most enjoyable affair goes without saying when one reads the program which is again printed in this issue. Mrs. Kathleen Lockhart Manning is the singer of the evening and the opportunity of hearing her magnificent voice should not be missed. We are highly honored in having such a talented and famous artist as a member of our community, and equally so in Mr. and Mrs. John Marquardt, the well known violinist and harpist. The giving of this concert was suggested by the latter, who wished to signalize their return to Sierra Madre as their permanent place of abode by some act of service to the community.

Miss Mary Ludlow, assistant director of orchestra of the Los Angeles City schools, gives a flute solo. For many years she was flute player in the Woman's Symphony Orchestra of Los Angeles. And Master Bob Mitchell

will make his first bow to the public as a pianist.

Miss Edith Evans of our own school will play the accompaniments.

Altogether the concert is one that ought to attract a large audience, apart from the consideration that the proceeds are to be devoted to such a worthy cause. The lovers of good music will want to be present, and our public spirited citizens will want to buy a ticket whether they can attend or not. One lady bought ten tickets although she cannot use any of them.

Tickets are on sale at Hartman's, the News office and at Andrews & Hawks', or can be obtained at the door before the concert. The price is one dollar. The hour is 8 o'clock. Let us all go.

Program

1. Violin solo, Mr. John Marquardt, (a) Romance and Gavotte from Mignon (Saraste); (b) Spinning Wheel (Lotto); (c) Hobgoblins (Bazzini); Miss Evans at the piano.

2. Piano Solo, Master Bob Mitchell, (a) Fur Elsie, (Beethoven), (b) The Witch (Tschaikowsky); (c) Neckerien (Von Wilm).

3. Flute solo, Miss Mary Ludlow, La Rossignol (Popp).

4. Harp solo, Mrs. John Marquardt, Chants Seraphiques (Zabel).

5. Violin Solo, Mr. John Marquardt, (a) Berceuse from Jocelyn (Goddard); (b) Dance of the Gnomes (Bozzini); (c) By the Brook (Boisdefre); Bob Mitchell at the piano.

6. Songs, Mrs. Kathleen Lockhart Manning, (a) The Happy Song (del Rio); (b) Slumber song (Ware); (c) Matinata (Leoncavallo).

7. Violin and Harp, Mr. and Mrs. John Marquardt, (a) Reverie (Vieuxtemps); (b) Berceuse (Obertuer).

National Anthem.
